

# Thruway Panel

## Thruway Panel

Whether they're entering a space-age hangar or visiting a friend's house, this slanted opening gives children the chance to make an entrance all their own. A doorbell to the side offers a satisfying click, while pin impressions to the opposite side build fine motor skills. Peek-a-boo openings expand the social play opportunities while continuing Miracle's modern aesthetic, ensuring this modular piece fits in anywhere on your playground.

## Material Specifications

The panels shall be constructed of Mira-Lene™. The panels shall be supported between posts by tops and bottom rungs (as required) of 1" pipe, each with two tabs of 11 ga. A-60 Galvannealed sheet, solid welded. In addition to above panel materials, panel shall feature a combination of ¼" and ½" HDPE interactive accents fastened to the panel. The panel shall attach to the panel bracket with a tab of 7 ga. A-60 Galvannealed sheet.
