

Dear All Workers that contributed to building Miracle Park,

I'm Bre Christensen, a freshman from Aplington-Parkeburg this year. I have visited Miracle Park numerous times throughout the summer with a few of my friends that live in Parkeburg. I made the choice to write to you because I have always loved going to parks and the one you built for our community is beautiful and a lot of fun. It is now one of my favorite places to be with my friends or younger family. When my mom brought me into town to see the park for the first time, I was very excited and jumped out of the car as soon as I could. I was amazed by how big it was. I ran up the fish ladder and didn't leave until I had gone down every slide. Even people my age, like me and my friends, enjoy going to Miracle Park whenever we can, and I know the younger children of our community enjoy it even more. I have babysat my little cousin there before. He is turning two in November and I thought it was great how the section of the park for toddlers was easy enough for him to get around with many things for him to play with. I truly appreciate all that you have done for our community in our time of need.

Bre Christensen
