In the interest of playground safety, IPEMA provides a Third Party Certification Service whereby a designated independent laboratory validates a participant's certification of conformance to ASTM F1487, Standard Consumer Safety Performance Specification for Playground Equipment for Public Use, except sections 10 & 12.6.1; CAN/CSA Z614, Children's Play Spaces and Equipment, except clauses 9.8, 10 & 11; or both. The use of the corresponding logo in this brochure signifies that Miracle has received written validation from the independent laboratory that the product(s) associated with the use of the logo conform(s) with the requirements of the indicated standard. Check the IPEMA website at [www.ipema.org](http://www.ipema.org) to confirm product validation.

## TAKE THE INITIATIVE TO PROTECT PLAYGROUNDS & PEOPLE

Every year, security problems like vandalism, graffiti, and theft cost playground owners millions of dollars. With the risk of child abductions and other violent crimes, the human cost of even one incident is more than anyone is willing to pay.

For these reasons, Miracle Recreation has developed the new MiracleTech™ Security products for park directors, school administrators, parents, children and others concerned about crime at recreational facilities. MiracleTech is the first integrated playground security system featuring patented technology to discourage loitering, light up the night, and keep an eye on what's happening around the clock.

**Add MiracleTech to any structure shown or to any existing Miracle playground. Call 888-458-2752 for a quote, or visit [www.miracle-recreation.com](http://www.miracle-recreation.com) for more information.**

A portion of all proceeds from sales of MiracleTech Security Systems will be donated to the National Center for Missing & Exploited Children.
