

Our Dog Park products are made of the highest quality materials, so they're durable enough to stand up to ruff and tough play. The products provide opportunities for exercise, training, teamwork, fun, and learning new skills! They promote socialization for dogs and people, and encourage an active lifestyle for both. Our Dog Park products cater to any size dog, and all skill levels can enjoy them.

Please note: creating large and small dog areas is a good practice. Fencing and double gated entries are strongly recommended. Whether your best friend wants to practice agility, hurdles, or jump through hoops like a good boy (or girl), we've got the products you need to bring a destination dog park to your community.

Dog Small and Dog Large Loop

Your good boy or girl will love practicing their agility as they pass under our Large or Small Loop. These loops are great for conditioning your dog to follow directions and go through obstacles. Perfect for dogs of all ages, abilities and sizes, and an ideal introduction to following through obstacles and coordination. Use a combination of both Loops to add variety to your dog park.

Dog Triple and Single Hoop

Our Dog Hoops give man's best friend the chance to perfect their agility. Choose from a Single Hoop or Triple Hoops depending on dog size and ability. Our large Single Hoop helps dogs get used to jumping through a designated space while building confidence. Triple Hoop accommodates dogs of different sizes and abilities, giving dogs and their owners something to work on together. These Hoops introduce pooches to agility obstacles while building coordination and strength/conditioning. Use hoops individually or group them together to provide different challenges!

PRODUCT	PRODUCT NUMBER	SIZE	WEIGHT	MATERIALS
Dog Small Loop	MRDP01	0'2" x 2'3" x 2'11" (0.1 m x 0.7 m x 0.9 m)	15 lb (6.8 kg)	DOG LOOP shall be fabricated from embossed galvanized 33.4mm (1-5/16") 14 ga steel tube. Shall be painted per PAINT Specification.
Dog Large Loop	MRDP02	0'2" x 2'3" x 3'3" (0.1 m x 0.7 m x 1.0 m)	15 lb (6.8 kg)	DOG LOOP shall be fabricated from embossed galvanized 33.4mm (1-5/16") 14 ga steel tube. Shall be painted per PAINT Specification.
Dog Triple Hoops	MRDP11	0'6" x 8'3" x 5'3" (0.2 m x 2.5 m x 1.6 m)	35 lb (15.9 kg)	DOG HOOP shall be fabricated from embossed galvanized 33.4mm (1-5/16") 14 gauge steel tube. Shall be painted per PAINT Specification.
Dog Single Hoop	MRDP10	0'6" x 4'8" x 4'6" (0.2 m x 1.4 m x 1.4 m)	25 lb (11.3 kg)	DOG HOOP shall be fabricated from embossed galvanized 33.4mm (1-5/16") 14 gauge steel tube. Shall be painted per PAINT Specification.

Dog Fire Hydrant

Keep your dog park clean (and landscaping pristine!) by providing a place for your pet to relieve themselves.

Dog Pentagon and Hexagon Hurdle

Help your pup refine his or her agility skills with hurdles. Vary the challenge level with different shapes and heights. These Hurdles provide a fast-paced obstacle with lots of excitement. The Pentagon Hurdle is larger with a customizable routed design (customization is an extra charge). Hexagon is suitable for most dog sizes, and builds coordination and strength/conditioning, while Pentagon is ideal for larger breeds. These jumping products can be used in a row, alone, or offset for different challenges. Use one hurdle or group them together for an extra challenge.

Dog Agility Weave Poles

Dogs can improve their agility as they weave in and out of these durable poles. These poles are sold individually. Position anywhere from 5 to 12 poles about 2' apart in a straight line to build speed, focus, and coordination.

Dog Leash Rack

Every hardworking pooch needs a place to hang his or her leash! Keeps leashes organized while dogs play.

PRODUCT	PRODUCT NUMBER	SIZE	WEIGHT	MATERIALS
Dog Fire Hydrant	MRDP03	0'2" x 1'3" x 1'6" (0.1 m x 0.4 m x 0.5 m)	15 lb (6.8 kg)	DOG PANEL frame shall be fabricated from embossed galvanized 33.4 (1-5/16") 14 ga steel tube welded to 11ga (3mm) sheet steel. With panels made from 3/4" HDPE. Frame shall be painted per PAINT Specification.
Dog Pentagon Hurdle	MRDP05	0'2" x 3'3" x 1'8" (0.1 m x 1.0 m x 0.5 m)	50 lb (22.7 kg)	DOG PANEL frame shall be fabricated from embossed galvanized 33.4 (1-5/16") 14 ga steel tube welded to 11ga (3mm) sheet steel. With panels made from 3/4" HDPE. Frame shall be painted per PAINT Specification.
Dog Hexagon Hurdle	MRDP04	0'2" x 3'3" x 1'3" (0.1 m x 1.0 m x 0.4 m)	45 lb (20.4 kg)	DOG PANEL frame shall be fabricated from embossed galvanized 33.4 (1-5/16") 14 ga steel tube welded to 11ga (3mm) sheet steel. With panels made from 3/4" HDPE. Frame shall be painted per PAINT Specification.
Dog Agility Weave Poles	MRDP06	0'2" x 0'2" x 3'0" (0.1 m x 0.1 m x 0.9 m)	10 lb (4.5 kg)	DOG POLE shall be fabricated from embossed galvanized 33.4mm (1-5/16") 14 gauge steel tube. Shall be painted per PAINT Specification.
Dog Leash Rack	MRDP12	1'6" x 1'6" x 4'3" (0.5 m x 0.5 m x 1.3 m)	30 lb (13.6 kg)	DOG RACK shall be fabricated from 3.5" 13ga tube with welded on embossed galvanized 33.4mm (1-5/16") 14 gauge steel tube. Shall be painted per PAINT Specification.

Dog Walk Ramp

A classic feature in any dog park! Our Dog Walk Ramp builds confidence, balance, and following directions. Dogs practice going up, across, and back down without jumping off or skipping sections to build patience and control. The ramp also helps dogs get comfortable with heights and being on a platform off the ground.

Dog Steppers

These steppers help develop balance and body positioning, timing, and coordination. Choose colors to add a playful pop of color to your dog park. Dog Steppers come in sets of 5.

Dog Crawl Tunnel

This tunnel gives dogs of all sizes a chance to practice their agility and obedience. This tunnel builds confidence for going into a closed space and out following their owner's directions, even when they have to take their eyes off their owner inside the tunnel.

PRODUCT	PRODUCT NUMBER	SIZE	WEIGHT	MATERIALS
Dog Walk Ramp	MRDP08	12'2" x 2'0" x 2'3" (3.7 m x 0.6 m x 0.7 m)	155 lb (70.3 kg)	DOG RAMP legs shall be fabricated from embossed galvanized 33.4mm (1-5/16") 14 gauge steel tube. Legs shall be painted per PAINT Specification. The deck shall be 14ga (2.3mm) black sheet steel vinyl dipped per PVC Specification.
Dog Steppers	MRDP07	3'0" x 4'0" x 2'0" (0.9 m x 1.2 m x 0.6 m)	85 lb (38.6 kg)	DOG PODS shall be rotational molded per ROTO Specification and mounted on 48.3mm O.D. pre-galvanized support posts painted per PAINT Specification after fabrication.
Dog Crawl Tunnel	MRDP09	3'5" x 3'3" x 2'11" (1.0 m x 1.0 m x 0.9 m)	70 lb (31.8 kg)	DOG TUNNEL legs shall be fabricated from embossed galvanized 33.4mm (1-5/16") 14 gauge steel tube. Legs shall be painted per PAINT Specification. With a panels made from 3/4" HDPE. The tunnel shall be rotational molded per ROTO Specification.
