Hand Sanitizing Station
with cover - Surface Mount

MRHS48OS
Hand Sanitizing Station -
Surface Mount

Our Hand Sanitizing Station is the perfect addition to your playground when you do not have access to soap and water. The station is made from tough and durable welded carbon steel construction for the most demanding locations. There are four models available with and without tamper-resistant, lockable cabinets. All units are 100% powder coated with a 5 year warranty that guarantees that the unit will not rust under normal usage. Units have been tested for adhesion, chemical resistance, corrosion and fade resistance as per AAMA 2605-05 (American Architectural Manufacturers Association).

Our station is compatible with most hand sanitizer dispensers. Units can be mounted using pre-drilled holes or new holes can be drilled by the installer. Adhesive backing can also be used to mount dispensers to the back plate. (Adhesive backing is not included.) Surface mount and portable/surface mount options available. Hand sanitizer dispenser and sanitizer not included.

Product	Product Number	SIZE	Weight
