

Cyclo Cone Climbers

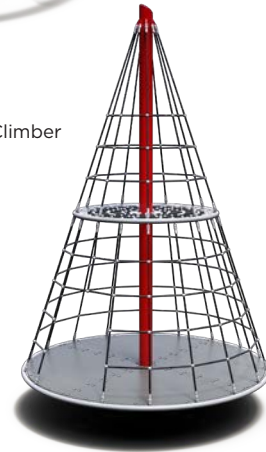

Cyclo Cone Base Climber

Cyclo Cone Open Climber

Cyclo Diamond Climber

Cyclo Cone Plus Climber

Reach exciting new heights!

Combine the thrill of spinning with physical, cognitive, imaginative and social play. Now multiple kids of different ages and abilities can enjoy a single play experience at the same time. The Cyclo Cones' motion, speed and height safely gives older kids the perceived risk they want, encourages younger kids to push their limits and enables parents to interact with kids as they play. There are a variety of Cyclo Cone models available, including one model with an open, ADA-compliant, wheelchair-transferable base that lets kids choose to sit, spin or lounge as they play.

Standards	ASTM, CSA
Material Specifications	<p>Center Post - 5.00" OD 11 gauge steel tubing</p> <p>Bearing - T6061 aluminum hub with self aligning sealed ball bearings</p> <p>Shaft - 1045 Carbon Steel</p> <p>Rope - 16mm rope with aluminum connectors</p> <p>Cover Casting - 319 aluminum</p> <p>Rope Tabs - 1/4" steel plate</p> <p>Steel Ring - 1.9" OD 13 gauge galvanized steel tubing, 1/4" steel plates</p> <p>Platform - 3/4" HDPE textured plastic</p> <p>18-8 grade stainless steel that requires tooling to install or remove</p> <p>Coating - Super durable polyester powder coat electrostatically applied at a thickness of 2-5mils</p>

Product	Item	Ages	Protective Area	Child Capacity	Weight
Cyclo Cone Base Climber	306-1	5-12	18'11" x 18'11" (5.76m x 5.76m)	7	345 lbs (157 kg)
